

# Looking for Electrical, Lighting, Data, or Security Products?

## WESCO Has Them!

### WESCO Products and Services

WESCO Distribution is a leading distributor of electrical construction products and industrial maintenance, repair, and operating (MRO) supplies. WESCO operates 6 fully automated distribution centers and approximately 380 full-service Branches in North America, providing a local presence for area customers and a global network to service multi-location businesses. Representative products and services that WESCO offers include electrical supplies, industrial supplies, power distribution, lighting, wire and conduit, and data communications.

*In February of 2007, the League of Oregon Cities awarded WESCO Distribution, Inc. a contract for Electrical Products and Lighting Equipment (Solicitation Number 402) through a public competitive bid process.*

## Green and Sustainable Solutions

At any stage of a building's life, from concept through construction to completion and beyond, WESCO has a Green Solution to help you realize energy savings. WESCO recognizes the special needs of companies worldwide as they embrace "Go Green" initiatives.

Is your project just getting started? Let WESCO help you in the design phase. Before you break ground, incorporate the latest technologies to realize the maximum energy savings.

Building the next green masterpiece? With our 380 Branch locations, we can support your project anywhere.

Do you have an existing building you want to turn green? WESCO has the experience to help you incorporate energy-saving technologies into older structures.

Is your green building prepared to stay green? The latest green electrical solutions are available from WESCO.

WESCO is dedicated to helping our customers achieve their "Go Green" initiatives and we are equally as dedicated to making a greener WESCO. We are proud to present the latest in green and sustainable solutions from world-class manufacturers.

For more information about WESCO's Green and Sustainable Solutions, call or visit your local Branch or log on to [www.wescogreen.com](http://www.wescogreen.com).

# Publicly Awarded Contract for Electrical Products and Lighting Equipment

## Expires March 2013, Contract # VH10407

All competitively bid agreements are publicly solicited, and awarded through a Request for Proposal (RFP) process, and held by a Lead Public Agency. NPP serves as a nationwide channel to offer awarded agreements to Public and Non-Profit agencies. Agreements available through NPP are established with the following process.

- The Lead Agency prepares an RFP, incorporating the required language that allows access to the agreement nationally for agencies in states that allow intergovernmental (i.e., "piggyback") contract usage
- Suppliers respond to the RFP and the Lead Public Agency evaluates and awards the master price agreement
- All applicable documents are posted on the NPP website
- All NPP members and participating agencies are eligible to utilize the contracts

## Get the Contract

Review the contract at [www.nppgovernment.com](http://www.nppgovernment.com)

## Become a Member

1. Go to [www.nppgovernment.com](http://www.nppgovernment.com)
2. Under NPP Today (right side of screen), click on the link under "Join Now."
3. Simply fill in the fields with your information ...it's **quick, easy, and FREE.**
4. For questions about membership participation and the use of this agreement, call NPP at 877-329-8847.

## Benefits

- Available to State, Local, Political Sub-Divisions, and Non-Profit Organizations
- Saves time and money
- Leveraged purchasing power
- Competitively solicited contracts
